(d): The major constraints in production are land acquisition problem, delay in physical possession of land, Resettlement and Rehabilitation issues, encroachment issues, delay in forestry and environmental clearances, evacuation & logistics constraints, law & order problem.

(e): The names of coal mines of CIL and its Subsidiaries running in profit is annexed as **Annexure A** and name of mines running in losses is annexed as **Annexure B**.

(f): The focus of the Government is on increasing domestic production of coal and to achieve these targets through allocation of more coal blocks, pursuing with State Government for assistance in land acquisition and coordinated efforts with Railways for movement of coal.

CIL has taken the following steps to achieve the target of augmentation of coal production capacity:

- Implementing on-going projects in time bound manner to achieve targeted production as per schedule.
- Introduction of Surface Miners in Open Cast (OC) mines to improve operational efficiency and cater to environmental needs.
- Introduction of Mass Production Technology in underground coal mines.
- 15 Projects identified with a Capacity of about 160 MTPA (Million Tonnes per Annum) to be operated by Mine Developer cum Operator mode.
- Capacity addition through special dispensation in Environment Clearance under clause 7(ii) of Environmental Impact Assessment (EIA) 2006: this is an ongoing process and CIL is enhancing its capacity through efficiency enhancement under the special dispensation of EIA Act.
- Capacity addition in smaller subsidiaries: Smaller subsidiaries like Eastern Coalfields Limited (ECL) & Bharat Coking Coal Limited (BCCL) are enhancing their capacity through marginal schemes and OC patches.
- Improving evacuation efficiency & capacity: CIL has taken steps to upgrade the mechanized coal transportation and loading system under 'First Mile Connectivity' projects. The target for completion of all the Phase I projects is by FY 2023-24.
- CIL has taken initiatives for improvement in productivity by enhancing efficiency of its mines with the introduction of Digitization of operation and introduction of Enterprise Resource Planning (ERP) in two phases.
